MOBILE aims to improve the quality of mobility projects for young people by developing a common European quality assurance system focusing on learners, teachers from sending & receiving organisations, and the companies that offer work placements.

**Learners**

Mobility to live and work in another country is a fundamental right of EU citizenship! Did you know that such experiences result in learners gaining a wide range of skills and competences?

**MOBILE offers you:**

- easily accessible information about international work exchange opportunities
- training for living and working in another country
- better understanding of employers expectations

**ASK TO BE PREPARED TO GO ABROAD!**

or

**SUPPORT OTHERS & TELL US YOUR STORY WHEN YOU RETURN!**

---

**Teachers**

Are you expected to prepare learners for their work exchange experience in another EU-country or support learners coming to your country?

**MOBILE offers you:**

- tools to act as the go-between, meeting learner and enterprise needs
- step by step support before, during, and after mobility activities
  - training for identification and development of learner competences
- better understanding of mobilities and how to embed these opportunities into the curriculum, in addition to promoting the benefits and impact

**JOIN US!**

---

**Work-based mentors**

Are you expected, as a workplace supervisor, to take good care of the young people on a work exchange?

**MOBILE offers you:**

- tools for enterprises that provide work placement opportunities to be better prepared for this task
- training for a better understanding of learners’ needs and tools for how to help them succeed

**GET INVOLVED!**

---

MOBILE offers you the necessary tools for a successful European work exchange!
